OLD BUSINESS: None

NEW BUSINESS: Plumsteadville Village Economic Development

Ms. Mulholland that the scarecrow contest is underway in the Village. She spoke to the Board about the various planers who had been appointed by the Township is recent years and the results of their work. She indicated that there is a clear vision for what the Board would like the infrastructure of the village to be including intersection improvements, increased walkability, period lighting etc., but she believes there might be an opportunity to look at the economic development of the area and perhaps engage a consultant who specialized in small town development. She noted this person could assist in finding desirable tenants for the vacant buildings and land within the village. She stated that there are certain business opportunities in the village that would attract residents, and a consultant could advise the Township about what businesses might be interested in the area, and which would be the best fit. Ms. Mulholland indicated that the Airgas proposed land development is important to the village because of the number of people they employ who support local businesses in the vicinity of their property. She stated that the Township needs to evaluate if the infrastructure is secure enough to support them, and consider remedies if it does not.

ADJOURNMENT: Motion by Ms. Mulholland, seconded by Mr. Lykon, to adjourn the meeting into Executive Session at 8:20 p.m. With no additional comment, all voted in favor 4-0.
