- 5. Arbor Estates - Request for Public Water Connection:** Ms. McCreary informed the Board that the Township had received a letter from the owner of the mobile home park located on Route 611 to connect to public water service. She indicated that the owner is aware that there may be a developer looking at water availability, but does not want to wait and is willing to consider a separate water main extension to serve the property. She stated she will request a professional services agreement and escrow to cover the professionals' billing for this.

6. Plumstead Baseball: Ms. McCreary informed the Board that Michael Harte had been in contact with her concerning the hitting tunnel PBA wishes to construct at Allohaken Park. She stated that originally they were proposing wood, which the Board and Public Works staff did not believe was appropriate. She noted that Board consensus had been to have PBA work with Public Works on an alternate design. She asked for Board consensus as since that time several Board members expressed concerns about doing anything additional at the park because of negative feedback received from neighbors. The Board consensus was to proceed with the installation of the hitting tunnel once staff approves the design and materials. Ms. McCreary advised that Mr. Harte also requested that the Board consider allowing for the installation of a 6-foot high fence around the hitting tunnel with two locked gates. The Board did not support this proposal.

APPROVAL OF MINUTES: **Motion** by Mr. Lykon, seconded by Mr. Hilferty to approve the minutes of the 04/11/17 public meeting. With no additional comment, all voted in favor 3-0.

OLD BUSINESS:

Fire Company Audits: Ms. McCreary informed the Board that she forwarded the most recent audited financial statements for the Plumsteadville Volunteer Fire Co. to the Township's auditor, and they responded that their firm would charge \$8,500-\$9,500 for an annual audit. Mr. Lykon made a motion to require the fire departments to have an annual audit every five years. The motion failed for lack of a second. This matter will be placed on the May 9 agenda for further discussion.

Request for Community Building: Ms. McCreary advised the Board that she had met with the Township Manager and Parks & Recreation Director for Doylestown Township concerning their request to use the community building while their municipal complex is under construction. She stated that the normal allocation for programs is 80/20 and they indicated this is just to cover their costs. She noted that Doylestown Township is prepared to offer all programming at the resident rate to Plumstead residents, and an offer was made to provide cleaning supplies, as well as any physical help that might be needed to hold programs there. Ms. McCreary stated that no programs would be permitted on weekends to allow for rentals of the building. Mr. Lykon recommended again that Doylestown Township split their portion of any programming proceeds 50/50 with the Township. Board consensus was to require this for use of the building.

NEW BUSINESS:

Mr. Lykon stated that the Board had received a copy of the Plumsteadville Volunteer Fire Company operating and capital budgets along with a schedule of future capital needs for the next 30 years. He stated that he would like this to be placed on the May 9 agenda, so the Board can review and discuss.
